

## ·SURGICAL·

Dr. Bloy performs enhancement surgeries in the office or the hospital. He is able to remove excess tissue or fat to improve the function or appearance of certain areas of the body. Some of the surgeries he performs are labiaplasty, vaginal reconstruction, Novasure Endometrial Ablation, abdominoplasty, lipectomy, as well as other gynecological surgeries.

Talk to Dr. Bloy about your concerns and find out whether surgery can help.

## ·SCUPLTING·

**SlimLipo** Precision Laser Liposuction is the most advanced way to remove stubborn fat deposits and tighten the skin with minimal downtime and maximum results. This is true liposuction done with a small but precise laser tip which allows for fat to be removed through extremely tiny incisions with little trauma to the body. Because the fat is broken up using laser heat energy, the surrounding skin is preserved and tightened while fat is removed.

With **SlimLipo**, patients are able to comfortably, painlessly, safely, and affordably get rid of unwanted fat deposits in the office using only local anesthesia. Treat under the chin, thighs, arms, or anywhere on the body where stubborn fat resides. **SlimLipo** is the perfect solution to get rid of the fat, tighten the skin, and return to daily activities in just a day or two.

## • **Smartskin CO2 Fractional Laser Rejuvenation** - *Dramatically Reverse the Signs of Aging*

Smartskin CO2 is a revolutionary technology that allows you to get the most effective resurfacing and anti-aging results with only days of downtime. This is the best laser for removing the signs of aging, acne scarring, and sun damage and also for giving you tighter, clearer, smoother, and younger-looking skin. Treatment is affordable and comfortable! We offer the best prices in town to deliver you dramatic skin resurfacing!

## • **ICON 1540 Fractional Non-Ablative Laser Resurfacing** - *Smooth, Stimulate, and Renew with NO DOWNTIME!*

This treatment smooths skin, stimulates collagen, resurfaces wrinkles, stretch marks, scars and also comfortably removes sun damage. Results are visible after even one treatment. No downtime means you can have a treatment and return to work the next morning.

## • **ICON IPL Photofacial** - *Clear Your Skin*

IPL (Intense Pulsed Light) Treatment stimulates collagen and removes sun damage, acne marks, redness, discoloration, age spots, freckles, and excess pigment in even one painless treatment. IPL Treatments are a great low-cost way to clear your skin and maintain your complexion with no downtime.

## • **Vectus Laser Hair Removal** - *Say Bye-Bye to Unwanted Hair for Good!*

Tired of waxing, shaving, and tweezing unwanted hair only to be left with ugly bumps, stubble, rashes, and irritation? Laser hair reduction gets rid of that hair for good. Hair follicles are permanently destroyed in quick, comfortable, affordable sessions with no need to grow the hair out between treatments. Vectus is the solution for safely, effectively reducing unwanted hair on the body and face.

## • **Facial Filler Injections** - *Immediate, Visible Anti-Aging Results*

Facial fillers are the best way to immediately enhance a facial feature or replace lost volume. We all lose facial volume as we age.

Replacing lost volume gives us back our youthful appearance, reduces wrinkles, and enhances features when desired. Fillers can give you contoured cheeks, smooth jowls, fill under eye hollows, give fullness to the lips, and erase lip lines. Dr. Bloy is skilled at injecting dermal fillers delicately for natural-looking results or for subtle enhancement of the facial contours or features. We offer the best fillers on the market:

**Radiesse, Restylane, Restylane Silk, Restylane Lyft, Juvederm, and Belotero.** Your facial volume, your goal, and the location being filled are all factors that help Dr. Bloy choose the filler that will get you the results you need. Fillers start at just **\$550 per syringe**. Meet with us to discuss your needs, receive a filler injection and leave with immediate results!

## • **Sclerotherapy Vein Injections** - *Clear Spider Veins*

Dr. Bloy injects veins with sclerotherapy solution to dissolve veins in one to two quick treatment sessions.
