

ViPeel®

For the Life of Your Skin®

Why Choose the VI Peel® ?

VI Peels represent the next generation in chemical peels. Each treatment is virtually pain free with results in as little as seven days. Unique from other peels, the VI Peel® nurtures the skin with vitamins and minerals during the exfoliation process.

VI Peels are suitable for various skin types, including darker skin tones. They offer specifically designed treatments that are convenient and targeted to address: anti-aging, hyperpigmentation, sun spots, damaged skin, acne prone skin and acne scarring.

The VI Peel Portfolio provides dramatic results with no skin preparation and minimal downtime. The VI Peel® also provides you with a take home kit of essential products for your treatment's success, ensuring optimal and lasting results. Enjoy your feeling more confident in your skin.

VI Peel® Products

VI Peel®

Anti-Aging • Rejuvenating • Restorative

The VI Peel® contains a synergistic blend of powerful ingredients suitable for a variety of skin types. This peel will help to improve the tone, texture, clarity of your skin and provide anti-aging benefits. Specifically formulated to rejuvenate and help prevent future damage in the skin.

- Softens fine lines and wrinkles
- Restores a more even skin tone
- Smooths away rough skin
- Reduces age spots and sun damage

ANTI-AGING

Before

VI Peel® Precision Plus

Pigmentation • Acne Scarring • Age Spots • Lightening

Peel for Sun Damage and Pigmented Skin

VI Peel® Precision Plus is uniquely formulated for treating pigmentation damage in the skin. The Precision Plus is a powerful booster system targeted to treat stubborn pigmentation, including melasma. This booster is added to the VI Peel®, creating the ultimate treatment choice for dramatic results.

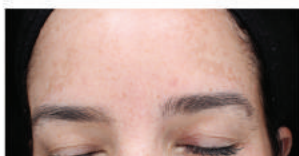

Specifically developed for pigmentation concerns, the VI Peel® Precision Plus:

- Reduces the appearance of age spots, sun damage
- Brightens and renews even the most stubborn areas of discoloration (including melasma)
- Evens skin tone and texture
