LASER

tattoo REMOVAL

LASER

tattoo REMOVAL

YOU ARE NOT ALONE

People regret getting a tattoo

REASON TO CONSIDER TATTOO REMOVAL

Professional

Personal

Emotional

DON'T WORRY!

**Lasers are a safe & effective
option to eliminate a tattoo**

HOW LASER tattoo removal WORKS

Tattoo ink absorbs laser energy and
breaks up into smaller particles

The body's immune system carries
particles away, causing the tattoo
to fade and then disappear

FOR ALMOST ALL
COLORS*

HOW MANY AVERAGE TREATMENTS?

FROM 3 TO 8**

TOLERABILITY

Sensation similar to rubber band snap on
your skin. Apply ice packs and cooled air
on the treatment area for more comfort.

TEMPORARY EFFECTS

Side effects may include temporary skin
redness and mild sun burn sensation.
Any skin peeling heals in a few days

THE
BENEFIT

SHOW OFF
YOUR SKIN!

* Depending on country regulation.

** Depending on a variety of factors, skin type,
tattoo colors, location of tattoo, amount of ink,
layering and presence of scarring.
